ANNUAL REPORT

OF

Municipal Officers

OF

Town of Newport

FOR THE MUNICIPAL YEAR

1924-1925

MAR 31 1925

TOWN WARRANT

PENOBSCOT SS.

To Eugene T. Hatch, Constable of the Town of Newport, in the County of Penobscot.

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Newport aforesaid, qualified by law to vote in town affairs, to meet at the Odd Fellows Hall, so-called, in said town, on Monday, the 2nd day of March, A. D. 1925, at ten o'clock in the forenoon, to act on the following articles, to wit:

- Art 1 To choose a Moderator to preside at said meeting.
- Art 2 To choose a Town Clerk for the ensuing year.
- Art 3 To hear all reports made at said meeting and act upon the same.
- Art 4 To see if the town will vote to fix the compensation of its Board of Selectmen and Assessors, allowing such sum as may seem commensurate with the duties of the office.
- Art 5 To choose three or more Selectmen.
- Art 6 To choose one or more Overseers of the Poor for such term of office as the town may by vote decide.
- Art 7 To choose three or more Assessors.
- Art 8 To choose a Town Treasurer and fix the salary of same.
- Art 9 To choose a member or members of the Superintending School Committee.
- Art 10 To choose three or more persons to enforce town ordinances.
- Art 11 To choose a Chief Engineer and assistants of the Fire Department.

117707

Art 12 To choose Sextons for the various cemeteries in town.

Art 13 To determine the number of Road Commissioners, not exceeding three, and the term of office for the same; also fix the compensation of such Road Commissioner or Commissioners, and choose the same by ballot; or instruct the Selectmen to appoint the same.

Art 14 To choose a night watchman for the ensuing year.

Art 15 To choose all remaining town officers required or permitted to be chosen at the annual town meeting, excepting a Collector of taxes; and to determine how many, if any, of the said town officers shall be appointed by the Selectmen.

Art 16 To determine when the tax list for the year 1925 shall be committed for collection; also when taxes thus committed shall be paid, and what instruction if any, the town will give in relation to the same. Also to see what instruction and condition the town will impose upon its Collector of Taxes relative to settlement with the town, and to receive bids and proposals for the collecting of taxes for the ensuing year on such terms and conditions as may thus be determined.

Art 17 To choose a Collector of Taxes for the ensuing year.

Art 18 To see if the town will vote to raise money, if so, how much, to pay town charges and contract obligations.

Art 19 To see if the town will vote to raise money, if so, how much, for the support of the poor.

Art 20 To see if the town will vote to raise money, if so, how much, to apply on debt and interest account, and for a sinking fund toward the retirement of

the town bonds of 1910 issue and the temporary town orders issued on account of balance of indebtedness of bond issue of 1917; or what action the town will take relative to the subject matter of this article.

- Art 21 To see if the town will vote to raise money, if so, how much, to make, construct and repair highways, bridges, ways, crosswalks and sidewalks in said town and determine the per diem compensation of laborers and horses thus employed.
- Art 22 To see if the town will vote "yes" or "no" on the question of appropriation and raising money necessary to entitle the town to State aid on its highways, as provided in Section 19 of Chapter 25 of the Revised Statutes of 1916, and acts additional thereto and amendatory thereof.
- Art 23 To see if the town will appropriate and raise the sum of \$732. for the improvement of the sections of State aid work as outlined in the report of the State Highway Commission, in addition to the amounts regularly raised for the care of ways, highways and bridges, the above amount being the maximum which the town is allowed to raise under the provisions of Section 18, Chapter 25, of the Revised Statutes of 1916 and acts additional thereto and amendatory thereof.
- Art 24 To see if the town will vote to raise money, and what sum for the maintenance of State Highways during the ensuing year within the limits of the town, under provisions of Section 8, Chapter 25, of the Revised Statutes of 1916 and acts additional and amendatory thereto.
- Art 25 To see if the town will vote to pay the Chief of the Fire Department one hundred and fifty dollars per year for his services.

- Art 26 To see if the town will vote to raise money, if so, how much, for the use and maintenance of Newport Fire Department for the ensuing year, and whom it will authorize to expend the same.
- Art 27 To see if the town will vote to raise a sum of money, if so, how much, for the maintenance of the Fire Alarm System.
- Art 28 To see what sum of money the town will appropriate and raise for the Common Schools.
- Art 29 To see if the town will vote to raise money, if so, how much, for the maintenance of a Free High School.
- Art 30 To see if the town will vote to raise money, if so, how much, for fuel and lights for the Free High School.
- Art 31 To see if the town will vote to raise money, if so, how much, for the services of a janitor for the High School.
- Art 32 To see what sum of money the town will raise and appropriate for the purchase of school text books.
- Art 33 To see what sum of money the town will raise and appropriate for the purchase of school supplies and apparatus.
- Art 34 To see if the town will raise and appropriate money, if so, how much, for the teaching of music in the public schools.
- Art 35 To see what sum of money the town will raise and appropriate for schoolhouse repairs.
- Art 36 To see what sum of money the town will vote to raise and appropriate as a salary for the Superintendent of Schools.

- Art 37 To see if the town will vote to raise money, if so, how much, for the purchase of books and to pay necessary expenses of the Free Public Library.
- Art 38 To see if the town will vote to raise money, if so, how much, for aid to the G.A.R. Post, and other Patriotic Societies, in the observance of Memorial Day, 1925.
- Art 39 To see if the town will raise and appropriate money, if so, how much, to hire a nightwatchman for Newport village for the ensuing year; said watchman to perform the duties as heretofore required, or as may be prescribed and required.
- Art 40 To see if the town will vote to raise a sum of money for Town Hall repairs and supplies for the Town Office, if so, how much.
- Art 41 To see if the town will vote to raise and appropriate a sum of money, if so, how much, to repair or build sidewalks, whether concrete or gravel or both and whom they will authorize to expend the same or what action they will take in regard to the subject matter of this article.
- Art 42 To see if the town will raise a sum of money, if so, how much, to gravel and complete the job on Durham Bridge, and whom they will authorize to expend the same.
- Art 43 To see if the town will vote to build a catch basin on High St. at So. West corner of North St., if so, how much money they will raise for same.
- Art 44 To see if the town will vote to enter into a contract with the Turner Center System for a term of one or more years for coal ashes and use of steam for pump and fire whistle as required, and what instruction it will give it's Assessors and Selectmen in relation thereto.

- Art 45 To see what sum the town will vote to pay for the services of its Superintending School Committee.
- Art 46 To choose a special Municipal Board of Mother's Aid and Children's Guardians of not less than three members, at least one of whom shall be a woman, to serve in accordance with Chapter 222, Section 4, of the Public Laws of 1917, as amended by Chapter 171 of the Public Laws of 1919.
- Art 47 So see if the town will vote to instruct the Selectmen and the Town Treasurer to make a temporary loan to pay town charges and other obligations should it become necessary at any time during the year to do so.
- Art 48 To see if the town will vote to raise a sum of money for permanent road work at No. Newport the same to be expended on the direct road from Corinna to Stetson at such places as the Selectmen may designate.
- Art 49 To see if the town will vote to raise money for putting a tar surface on Elm St. beginning at the M. C. R. R. crossing and ending at the Main St. bridge, also tar surface on Mill St. and Water St. from Main to Center St., or otherwise improve such road or roads as the town may determine, or what action they will take in regard to the subject matter of this article.
- Art 50 To see if the town will vote to prepare with gravel and put tar surface on Elm St., beginning at street fountain at junction of Main and Elm Streets and extending to the North Street Bridge.
- Art 51 To see if the town will vote to raise a sum of money, if so, how much, for the Newport Band for giving twelve band concerts during the months of June, July and August.

- Art 52 To see if the town will vote to raise \$500. to pay on the Fish Screen erected in 1923 at outlet of Lake Sebasticook.
- Art 53 To see if the town will vote to instruct the Selectmen to care for and keep clean the fish screen.
- Art 54 To see if the town will vote to complete the Grove St. sewer to Josslyn St., as per plan of David J. Nason, if so, how much money they will appropriate for the same.
- Art 55 To see if the town will vote to construct a sewer on Shaw St., beginning at Center St., and extending north to such point at or beyond the school-house lot as may be determined, if so, how much money they will appropriate for the same.
- Art 56 To see if the town will vote to build a concrete sidewalk beginning at Dr. White's residence and extending west to corner of Maine and Spring Sts. If so, how much money they will raise and appropriate for the same.
- Art 57 To see the town will vote to build a concrete sidewalk on Elm St., beginning at Grove St. and extending north to Sebasticook Ave., or to such point as may be determined.
- Art 58 To see if the town will vote to repair or build over the sidewalk on Water St., beginning at Main St., and extending to the Town Hall.
- Art 59 To see if the town will vote to accept the road, the same being an extension of Sebasticook Ave., to the residence of Chas. VanDerKar.
- Art 60 To see if the town will vote to purchase a Weir One Man Power Grader for use on the town roads, if so, how much money they will raise and appropriate for the same.

- Art 61 To see if the town will vote to employ a district nurse, if so, how much money they will raise and appropriate for the same.
- Art 62 To see if the town will vote to raise and appropriate \$500 for permanent repairs on the Camp Benson Road, so-called, between the railroad crossing at the station and Camp Benson.
- Art 63 To see if the town will vote to accept the town ordinances as prepared by the committee.
- Art 64 To see what sum the town will vote to raise and appropriate for advertising our natural resources, advantages and attractions, under the provisions of Chapter 4, Section 59, of the Revised Statutes of Maine, the same to be expended by the Maine Development Association.
- Art 65 To see if the town will vote to raise and appropriate a sum of money, if so how much to be applied on new Schoolhouse extension debt.
- Art 66 To see if the town will vote to give a discount of two per cent on all taxes paid on or before the first day of August 1925, and a further discount of one per cent on all taxes paid on or before the first day of November 1925.
- Art 67 To see if the town will vote to raise a sum of money to cover abatements and discounts, if so, how much.
- Art 68 To see if the town will vote to build a gravel or a coal ash sidewalk on Goodwin St., beginning at Rowe Ave. and extending to Josslyn St.

The Selectmen will be in session at their office in the Town Hall for the purpose of revising the list of voters in the said town at nine o'clock on the day of said meeting.

Hereof fail not to make due return of this warrant with your doings thereon on or before the day and houa of said meeting.

Given under our hands this sixteenth day of February,
A. D. 1925.

Examined and found correct.

GUY H. HUNT
Town Auditor

School Department

To the Superintending School Committee and Citizens
of Newport:

I am pleased to submit at this time my third annual report of the progress and condition of the Newport schools for the year ending February 1st, 1925.

Annual reports are written for several reasons but the most important reason for writing them is that the citizens, who generously contribute to the maintenance of the schools through their taxes, may keep themselves informed in regard to the expenditure of their money, as to what, in the judgment of those in charge, they are getting in return for money expended. Annual reports offer the school officials an excellent medium through which they can explain not only what is being done for the betterment of the school system but what ought to be done for the schools. The suggestions and constructive criticism of those served are at least a valuable guide and impress upon those in charge of the schools what the community wishes its schools to be and what it is willing to spend in order to obtain the desired ends.

No school system will be perfect as long as it is a human institution. However, this fact does not excuse the community or those employed by it from striving to make the faults less, the weak spots strong, and when desirable the strong places stronger. Our schools will never be what they should be until every one interested, whether pupil, teacher, school official or parent, works for the interest of the school. During the past year certain falsehoods have been persistently circulated concerning our schools. This, however, has not been the spirit of the citizens of our town. We who have had the schools in charge have appreciated the splendid co-

operation of the citizens of this town. Frank opinions must be freely expressed and freely changed when found to be in the wrong.

During American Education Week last Fall an evening session was held in the elementary schools of the village in order that the parents of the pupils might visit the schools. Many parents availed themselves of this opportunity. I wish that every parent might visit the schools at least once a year. Then many trifling difficulties which many times arise between teacher and parent could be eliminated and there would be better cooperation between the school and home.

The home life of a child has a great influence on his school work. Parents can do more than all others to inculcate in their children a spirit of loyalty and respect for teachers and the schools as a whole, and it is a fact beyond question that a child without such feeling cannot do high grade work. A school with mediocre equipment and teacher but proper support will be more efficient than one with a good teacher and everything that is desirable in equipment but with poor support.

The citizens of Newport have manifested good interest in all school affairs during the past year and have cooperated well with officials and teachers, but if we are to maintain the standard that we ought we must make what is good still better. Every business man strives to make his business yield greater returns. Our schools are a big business and must have business principles applied to them if they are to justify their cost and give to the rising generation their birthright.

VILLAGE SCHOOLS

During the Summer a splendid modern two-room addition was built on the grade building. With the beginning of the Fall term the first, second, third, and fourth grades were given separate rooms and teachers. This

arrangement has allowed more time to be given to the primary pupils. The lower grade rooms now have an enrollment of 23 to 30 pupils. There is still a congestion in the fifth and sixth grade room and seventh and eighth grade room where we find 43 and 50 pupils enrolled.

Shortly after the opening of the Fall term the schools and community were saddened by the sudden and untimely death of Mrs. Helen Wheeler. Through her untiring efforts she had taught many years in this town. Hers was a life of service to boys and girls.

The Fall term opened with the following teachers and enrollment:

	Grade	Salary	Enrollment
Rena McCollor	1st Grade	\$25 per wk.	34
Virginia Gilson	2nd Grade	\$25 per wk.	22
Grace Speed	3rd Grade	\$24 per wk.	25
Helen Wheeler	4th Grade	\$25 per wk.	24
Grace Morse	5th and 6th Grades	\$25 per wk.	50
Ethel Brown	7th and 8th Grades	\$25 per wk.	46

Miss Myrtle Cornforth was elected to fill the vacancy caused by the death of Mrs. Wheeler. Miss Virginia Gilson left her position after four weeks and Miss Lelia Randall was elected to fill the position. Miss Randall accepted a more lucrative position at the end of the Fall term and Miss Margaret Belyea was hired to fill her position.

I believe that at the present time we have a very efficient teaching corps in our grade building.

I would recommend that the town of Newport maintain a thirty-six week school year. The majority of the towns of the State now maintain this length of a school year. At present, school is in session thirty-four weeks in this town. The average school child needs thirty-six weeks in order to thoroughly complete the work of his grade.

I would also recommend that a fixed salary be adopted whereby experience and education will receive due recognition.

During the past year the town has spent \$37.39 for the elementary education of each child enrolled in its schools. This amount compares quite favorably with the amounts expended by other towns. During the past year the tax rate and school rate of this town has been 44 mills and 9.7 mills. The average of the State was 42 mills and 11 mills.

HIGH SCHOOL

At the close of the Spring term fifteen pupils received their diplomas. At this time Mr. Elmer Marshall, Miss Minnie Harding and Miss Marjorie Luxton resigned their positions.

Mr. Woodford M. Rand was elected to succeed Mr. Marshall as principal, while Miss Laura Pratt and Miss Myra Sewall were hired for the assistant positions. The following teachers are now employed in your High School:

Woodford M. Rand	Mathematics-Science	\$1,900
Laura Pratt	English-History	1,200
Alta Davis	French-Latin	1,200
Ethel Knowlton	Commercial Subjects	1,200
Myra Sewall	Junior High School	1,000

The present enrollment is the largest in the history of the school. We now have 114 pupils enrolled in the Senior High School and 27 in the Junior High School. This is the maximum number that can be satisfactorily accommodated in the present High School building. The classes in the elementary grades which will soon enter the High School are all large, so no decrease in High School enrollment is anticipated.

I would recommend that should an assistant be needed in the High School teaching force this coming year a

male teacher be hired for the position. If this were done, the teacher hired would be able to handle the physical education of the school. This arrangement would cost probably \$200 to \$400 but, I believe, would justify the expense.

RURAL SCHOOLS

The following teachers have taught in your rural schools during the past year:

	Salary	No. of wks.
Gilman School		
Sadie Smith	\$20.00 per wk.	34
Coburn School		
Linda Carver	\$22.50 per wk.	16
Dorothy Odlin	\$19.00 per wk.	18
Hubbard School		
Mildred Tasker	\$20.00 per wk.	34
East Newport School		
Mary Weymouth	\$20.00 per wk.	16
Verna Steen	\$21.00 per wk.	18
Ethel Littlefield	\$19.00 per wk.	18

Mrs. Smith has done good work in the Gilman school during the past year. The attendance in this school has been good and there is a spirit of cooperation between parents and teacher. Mrs. Linda Carver resigned her position in the Coburn school at the close of the Spring term. Miss Dorothy Odlin was elected to take her place and has very successfully taught the school during the Fall and Winter terms. She is a capable and energetic teacher and is receiving the support of the parents. Mrs. Mildred Tasker is continuing her good work in the Hubbard school this year. During the Summer it was thought best by the school board and parents of the East New-

port school district to do away with the conveyance and employ two teachers in the school. Mrs. Ethel Littlefield was hired to teach the primary grades and Miss Verna Steen the grammar grades. This arrangement, I believe, has worked out very well.

No teacher can do efficient work in your schools unless she has the support of the parents. Parents should not always be prone to believe the stories of their children as regards school matters but should investigate for themselves.

MUSIC DEPARTMENT

The music department has been under the direction of Miss Celia Tibbetts during the past year. At the close of the Spring term the pupils of the village schools presented an operetta. This was presented in a very creditable manner. Miss Tibbetts is also doing excellent work with the High School chorus and orchestra. I wish to call your attention to her report.

REPAIRS

During the past Summer a two-room addition has been added to the grade building. This is modern in every way and partially relieves a congestion which has been existing in your schools for the past few years.

During the past year the ceiling of the commercial room and lower hall of the High School building has been covered with steel. I would recommend that the ceiling of the Junior High School room be repaired in the same manner.

The inside walls of the village grade building should be painted and some minor repairs should be made on the East Newport schoolhouse. The Gilman schoolhouse

was painted last Summer and is in good condition.

I wish that some steps could be taken in the near future to standardize the lighting of the rural schools.

SCHOOL PHYSICIAN

At your last town meeting money was raised for the services of a school physician. Dr. N. R. Cook was chosen by the school board to serve in that capacity. I wish to call your attention to the school physician's report. I sincerely hope that each year a school physician will be employed in your schools. More than ever the necessity of developing a sound body in order that a sound mind may be developed and trained is being understood.

In closing I wish to express my appreciation of the conscientiousness and loyalty of the teachers with whom I have had the pleasure to work. I am also indeed grateful to the Superintending School Committee and citizens of the town for their cooperation and generous support during the past year.

Respectfully submitted,

ELMER O. SMALL.

Newport, Maine, Feb. 7, 1925.

To Mr. E. O. Small,
Superintendent of Schools,
Newport, Maine.

I have the honor to submit to you my first report as Principal of Newport High School.

The school opened on September 2, with an enrollment of 123, distributed according to classes as follows:

Seniors	Boys 12	Girls 14	Total 26
Juniors	Boys 11	Girls 14	Total 25
Sophomores	Boys 12	Girls 18	Total 30
Freshmen	Boys 21	Girls 21	Total 42
<hr/>			
Total	56	67	123

In the classification of these students we have retained the same point system that has been used in past years. In order to be enrolled as a Sophomore a student must have at least three points; a Junior seven points; a Senior eleven points. A point is gained by doing satisfactorily the work in one subject for a year. Sixteen points are required for graduation.

It has been reported that the High School has lost its "A" grade classification. I wish to state that this report is false. The course of study offered in the High School fulfills college entrance requirements and offers the subjects of an "A" class High School as required by the State Board of Education. An examination of the course of study offered will prove the correctness of my statement.

It is always necessary that High School students do some home study. The amount of time devoted to this will, of course, vary somewhat, depending upon the ability of the pupil, but the ordinary student should plan to spend an hour each day in home study. The habit should be established, too, of doing this studying at the same time each day. In this way the habit of systematic home work will be established, and a habit once formed is hard to break. If at any time a student claims that he has no school work to do at home, an investigation should immediately be made by the parents by consulting with the principal or teachers.

In view of the fact that the laboratory conditions have been very poor until this year, and that most of the chemical and physical apparatus has been destroyed by rust, it will be necessary to refurnish the new laboratory with all new physical apparatus. Chemicals and chemical apparatus were purchased last fall.

The classes in physics and chemistry have an average of twenty-four students and the working space at present will accommodate only twelve students. If we had another work-bench and twenty seats in the laboratory the classes could carry on their work with much more efficiency.

Our school activities have been very successful this year and well patronized by the citizens. Through the loyalty of the citizens money has been raised to pay a coach during the basketball season and the plan has proven very successful. I wish that we could have a man during the entire school year to take charge of Physical Training. It would be a great benefit to the school by placing the boys and girls on an equal standing with those of other towns.

I have also had excellent support from the teachers, Miss Alta Davis, teaching French and Latin; Miss Laura Pratt, teaching English and History; Miss Ethel Knowlton, teaching Commercial subjects; and Miss Myra Sewall, teaching the Junior High subjects. I wish to thank them here for the hearty cooperation and help they have given me.

In conclusion, I wish to thank you and the School Board for the advice and support given me, and the parents and other citizens for their interest and hearty assistance.

Respectfully submitted,

WOODFORD M. RAND, Principal.

REPORT OF THE SUPERVISOR OF MUSIC

To the Superintendent of Schools, School Board and citizens of Newport, I present my report.

The school music has been carried on very successfully the past year. All the teachers in grade and rural schools are well qualified to teach music, and the result is a high standard of excellence in the music department.

The new books of the Music Education Series, placed in Grades 5, 6, 7 and 8, have proven very satisfactory, and I hope soon to see other books of that series in all the grades. The teaching material of this series is the best to be obtained and is being introduced in many of the up-to-date school systems all over the country.

The Halcyon song books bought for the Junior High School this winter are very good and fine progress is being made in that room with three and four-part singing.

All the teachers are doing excellent work with their pupils in music, and I am very well satisfied with the results.

The chorus singing of the High School is much the same as last year.

Many students have not had music while in the grades of other towns, and it is necessary to teach practically all new songs by the use of the piano. In High Schools having an attendance of one hundred or more students, it is customary to place chorus singing on the curriculum as an elective study after the Freshman year. It seems to me advisable to have it so arranged, in order that those who do not sing or care for the hour of music may devote that time to one of their regular studies.

There are twenty-one members of the High School orchestra this year, and all are doing exceedingly good work.

Two rehearsals a week are held in the music room and the attendance has been nearly 100% all the year, which is a great gain over last year's record.

This is largely due to the hearty interest and co-operation of Principal W. M. Rand, who is a loyal support to every branch of the work in the High School.

An effort has been made to include the very popular Music Memory Contests in the High School music course, and they prove very interesting, and beneficial as well, in ear-training and quick thinking.

I wish to thank Superintendent Small and all the teachers of Newport for their faithful assistance throughout the year.

Respectfully submitted,

CELIA F. TIBBETTS,

Supervisor of Music.

REPORT OF MEDICAL INSPECTION IN NEWPORT PUBLIC SCHOOLS FOR YEAR 1924

I hereby submit report of medical inspection of school children for year 1924.

Each school child present on the day of the inspection was weighed, measured and general condition noted. Careful examination of teeth, throat and skin was made and child was looked over from standpoint of general nutrition.

The following statistics will show extent of work done:

Pupils weighed and measured	365
Pupils examined by physician	365
Defects of teeth	168
Throat trouble (diseased tonsils)	164
Nasal defects (adenoids)	49
Cardiac trouble	2
Anaemic condition	10
Eye strain	3
Malnutrition	13
Enlarged cervical glands	3
Skin diseases	3
Tongue tie	2
Notifications sent to parents	207

Assistance was given me by the County Nurse, Mrs. Theresa R. Anderson, who weighed and measured pupils and tabulated results of the inspection.

The State form medical inspection cards have been placed in all schools and as a result we are able to determine from year to year what results are being obtained from the health work in the schools.

The following list of corrections are found to have been made as a result of examination of pupils in 1923:

Teeth defects corrected	58
Pupils fitted to glasses	10
Throat operations done	16
Adenoids removed	6

Respectfully submitted,

NORMAN R. COOK.

REPORT OF LIBRARIAN OF NEWPORT PUBLIC

LIBRARY

The past year has been most successful and encouraging in many ways, especially in regard to the circulation of books.

I note with satisfaction the patronage of our people, the use of 11,514 books during the past year being evidence, I think, that our library fills a large place in the life of our town.

The largest number of books put in circulation for an evening was Saturday, Jan. 10th, when 168 books were let out and 145 were taken in, making a total of 313 books handled by us for the evening, and over seventy per cent of all the books called for were adult fiction.

During the year 161 volumes have been added to our shelves.

Among the donors to whom the library is indebted for books are the following: Mrs. Ira Clark, H. L. Brown, C. M. Burrill, Mrs. A. B. Rice, Henry Dunnack (State Librarian), Doran Pub. Co., and the Library Book House.

Magazines were given by Mrs. William Mitchell, Mrs. Fred Richardson, Mrs. A. Piper, Mrs. Ida Morrill and Myrtle York.

The library has been open every Wednesday afternoon and Saturday evening for the year.

MYRTLE F. DAY, Librarian.
